Progressed [January 2026-01-11](#) for [John-Doe](#) 1967-01-15 23:59:0, Athens Greece 23e42 37n58

Mars Scorpio 02°52'05" R First House - [Body, You.](#)

Mars advancing in the First House will give you plenty of vigor and self confidence, and you will never miss what the world calls "courage." You are courageous, energetic and sometimes, somewhat imagined and inclined to impose unnecessarily. Therefore, you must avoid giving up impulses and doing reckless things, as well as making hasty conclusions. You will rise to life with your own efforts and you can be promoted quite well when circumstances require it. However, you need to try to keep some of your energies, so that you keep your power for the period that will be most beneficial to use it. In other words, always think before you do.

Mars Scorpio 02°52'05" R - [Body, Passion.](#)

This progress is a very strong place for Mars and makes you positive, steady, determined and with a strong will. You are ambitious - your mind adheres to any subject that appeals to you or to any idea you like and temporarily give your whole life to the pursuit of the acquisition of the object or the search for the idea. You can show great dedication to a person or a case and make great sacrifices. You are attracted to the satisfaction, feelings and moods, but you can also be quite stable, rigid and unchanging. You have great practical executive capacity and, when you want, you can work hard; you are fit for any Mars nature employment such as military, surgeon, chemist, engineer, etc. This position increases vital energies but gives rise to a trend towards accidents, fever and infectious diseases. You have a strong sense of dignity and a pride, and you may have a tendency to offend people or offend, rather easily, and suffer because of hostility, jealousy and opposition. You may earn money through inheritance, marriage, co-operation, or partnership with others, but there is some tendency of exaggeration.

Neptune Scorpio 24°15'10" R Second House - [Inspiration, Financially.](#)

Neptune's advancing influence now in the Second House, has the tendency to make financial losses, either because of deception by others or because of investments in companies or businesses that prove to be catastrophic. For this, it is good to be careful in your relationships with others. Be careful not to sign documents that are likely to cause you financial losses and difficulties. The financial opportunities that will happen to you will come in the most peculiar ways, either from a vision or a dream or through contact with strange people and you can win from a completely unexpected source and get money in the most odd and eccentric way or by following A profession of unusual nature.

Neptune Scorpio 24°15'10" R - [Inspiration, Passion.](#)

Neptune in Scorpio shows that the invisible forces come into the service of creation, to your advantage. You have occult gifts, you are insightful and you can practice a secret job. You are very sensitive and receptive to inspiration and impression, either mentally or through many forms of arts. You have a very fast and intuitive perception when you are in love. Sometimes, when you have your bad things, you can become sensitive to all insignificant issues and if you are able to understand the subtle and secret feelings of others, you can hurt them.

[Neptune Sextile Sun - Energy, Benefit, Inspiration.](#)

The Sun and the planet Neptune are now on the Prosperous side, and this in itself is a very good and beneficial influence, but it depends on how powerful Neptune is in your horoscope. For those who are sensitive to the influence of the planet, this aspect promises a very prosperous era, with its cosmic, emotional or spiritual meaning, and certainly this aspect will certainly have a beneficial effect, even if it is not very obvious . Neptune is particularly relevant to our emotional nature and our favorites are bound to expand and excite to fuller action thanks to its influence. It is very likely that you are making a sea voyage or staying long on a seaside because there is a mysterious connection between the planet and the sea, despite the fact that this name was somehow "random".

[Neptune Trine Moon - Mood, Gain, Inspiration.](#)

The Moon is now on the Prospect with the planet Neptune and it is mostly favorable, although the way it works will be largely determined by the general influences that are in operation. Your personal situation is likely to be harmonious and you will do well with those with whom you will come into contact. You may have a cruise or a sea

voyage that will give you a dozen weeks of enjoyable experience, because generally the sea has a relationship, direct or indirect, with all the issues under Neptune's influence, because this planet is related to The deeper feelings of human nature, symbolized by the sea. But do not expect many durable goods from this aspect, which is just temporary.

Neptune Sextile Mercury - Clarity, Benefit, Inspiration.

The planets of Mercury and Neptune are now on the Prosperous side, a favorable influence for those who can respond because it directs the mind to the sophisticated aesthetic aspect of art and, in the case of those who by their nature are mentally oriented towards the mystical face of life . Certainly you may be interested in the study of symbolism, such as mystery works, mythological dramas, traditions and similar subjects. If you wish to gain the greatest benefit from this aspect, you must ensure that the aesthetic beauty of art or poetry does not blind you to its spiritual meaning. The nervous system is favored by this aspect and a short trip or excursion that is going to be done this time, is likely to stay for a long time in your memory.

Neptune Trine Saturn - Time, Gain, Inspiration.

The planets of Saturn and Neptune are in the Wondrous Trine - this indicates the ability to concentrate your efforts in a certain direction with great perseverance. In fact, this aspect gives an extraordinary power of persistence, despite the obstacles and defeats, if its influence is fully utilized. You will always have a liking for the strange and the unusual and you will be able to follow your path satisfactorily, whether it is welcomed by others or not. It creates a tendency for hardness in the character, and you should try to widen your sympathy and develop your love for others to compensate for it. This aspect is very good because it allows you to take advantage of your imagination creatively. You can take advantage of the profession of decorator, director, journalist, etc. Music has a strange effect on your inner nature.

Neptune Sextile Uranus - Change, Benefit, Inspiration.

The Bright face between the distant planets of our system, Neptune and Uranus, is an influence that will have little real effect on your outer life, as its effects are directed more towards inner nature or character. It implies that the subjective and objective elements of your character are in a harmonious balance, and therefore, external life is not likely to be disturbed by sudden energy outflows coming from within. Although it can be considered as a very favorable position, you should not over-estimate it in terms of the usual notion of "favorable" because its influence is far removed from physical life so that it has some direct effect on it And therefore the faces of the other planets on your birth horoscope will be comparatively much more powerful.

Mercury Pisces 04°41'05" R Fifth House - [Clarity, Emotionally.](#)

The position of this progress implies great intellectual entrepreneurship. It favors quick and light action on speculative issues but warns you against signing or accepting documents and items that you do not fully know. You will have frequent mail about erotic affairs and some romance will be on your way, either through books or through the mind. Better to live purely and avoid those speculation that can change into gambling. All your investments should be made in businesses that have rapid changes. You will have a lot to do with young children. Love: You have charm that you use as your strongest weapon for the opposite sex. You are creature smart and ambitious. You may be a charismatic or even a writer, because you have your way of handling speech. You like to feel and feel like a teenager and this has the effect of creating relationships with much younger people. Even if you are married or even if you have found the "love of your life," you will still look slanted at young people, but you go to the point of admiration usually. The sure thing is that your mate will never bore you and make him believe he lives in a fairy tale. That's because you will talk to him constantly, you will tell him a question mark and the best of all is that what you will tell him will not be cartoon or copies, but your own words full of admiration and love. So you will save yourself from many scenes of jealousy that may be caused by your tendency that we described above to look at.

Mercury Pisces 04°41'05" R - [Clarity, Dreams.](#)

Mercury in Pisces will make your mind will be very receptive, capable of feeling things without being able to give an explanation of how it acquired this knowledge, indeed, a mind that can act diplomatically, quietly and also in a systematic way. This position gives you the ability to talk, sing or write, but life's everyday affairs will help you more than peculiar and unusual. There is a liking to spirituality and mysticism and the mind is able to discover some of the secrets of the soul. However, sometimes, there is a tendency to be overly indifferent to mind and not quite active in mind. You should pay attention to mental superficiality.

Sun Pisces 24°37'17" Sixth House - [Energy, Duty.](#)

The progress of the Sun in this position shows that you will not have many illnesses in your life, but those that you will have will be rather lengthy and difficult to heal. They will mainly come from the state of your recommendation, which will have been shocked or damaged by a basic problem. However, when you become ill, you will find good care and if appropriate treatment is adopted, you will be able to take over. Sunbathing is good for you and the abundant clean air will make you better than

medication or treatment because the Sun is the best remedy for those who are ill or not. You will win through yours.

Sun Pisces 24°37'17" - Energy, Dreams.

You who have the Sun in Pisces are trusted, honest and compassionate with great sympathy for the animals. You feel deep and intense, although you express your feelings rarely. You also want to go well with everyone. You do not have great ambitions and somehow you lack confidence, although you sometimes show somewhat greater will and certainty. You may have a tendency toward the middle-low, and you are still social, good-natured, honest, and religious. Because you are very kind, you will always feel pleasure with occupations related to hospitality and sociability. Well, you do not pay too much attention to the details.

Sun Sextile Sun - Energy, Benefit, Energy.

The Sun on Prospective Uranus with the Sun shows that a cycle of life is over and you will be able to think about the actions that brought you to the present situation as well as the continuation of the course in life from now on. It is something that you need and will revive you.

Sun Conjunction Moon - Energy, Meeting, Mood.

The Sun and Moon Session is always an important Conjunction, because the Sun is "the greatest light that governs the day" and the Moon is the smallest, ruling the night. In all respects, the photodot in a Conjunction is something important but from an internal point of view, it weakens the lower aspect of nature and brings more power to life. For those who do not have a strong and healthy body, it damages health, giving too much vitality to the body - and when it is going to affect the body badly, it first begins to suffer the eyes, a sure sign that important changes are working in the body, Warning to be observed by the prudent. It often marks an important time in life where changes are going to happen, whether in the environment or in general conditions.

Sun Sextile Mercury - Energy, Benefit, Clarity.

Sun and Mercury are now on Sextile, which will bring you a lot of mental activity and a tendency to study. You really want change, so you're trying to improve your condition in general, but mostly in terms of learning and study. You will have a strong tendency for all issues related to correspondence and philology. This will be a rather successful period, because the mind is more receptive and thanks to this look, you

may experience a mental enlightenment. You must try to take advantage of it, as long as it always implies an expansion of mind and consciousness and brings you opportunities for great activity.

Sun Conjunction Saturn - Energy, Meeting, Time.

The Conjunction of the Sun and Saturn is now in operation, one of the most important and powerful positions that can happen in the course of life. It marks a crucial stage in your life, bringing you great and serious responsibility and significant changes that in many ways will affect your future life and destiny. If you see that your mind is oppressed or tends to look at the sad face of things, consider it a sign of danger that threatens you and avoid any new venture or those that involve risk. Really be more than usual wary of risks and disasters in general. Under this session you will be prone to some severe illness, which, if caused, will be caused by incomplete and ugly blood circulation, which may be due to colds or congestion, because the vital forces are held back by Saturn's influence. I really hope this does not happen in your case, but I hope you also give the necessary attention to your health.

Sun Opposition Uranus - Energy, Opposition, Change.

The Sun has now advanced to an Opposition with Uranus, an influence that lasts, depending on the lunar influences that exist. In general, it brings very sudden and unexpected difficulties, obstacles to progress and sadness, which follows every impulsive or reckless act. If you act in any way recklessly, this aspect will cause you many serious problems that may cause some unexpected change and the sudden cessation of the existing conditions. But this influence does not affect everyone in the same way, and it is difficult to deal with it alone, because it is necessary to study the Lunar aspects and positions. The unexpected happens, almost always, under this face, so it's hard to say exactly how it works.

Sun Trine Neptune - Energy, Gain, Inspiration.

The Sun and the planet Neptune are now on the Prosperous side, and this in itself is a very good and beneficial influence, but it depends on how powerful Neptune is in your horoscope. For those who are sensitive to the influence of the planet, this aspect promises a very prosperous era, with its cosmic, emotional or spiritual meaning, and certainly this aspect will certainly have a beneficial effect, even if it is not very obvious. Neptune is particularly relevant to our emotional nature and our favorites are bound to expand and excite to fuller action thanks to its influence. It is very likely that you are making a sea voyage or staying long on a seaside because there is a mysterious connection between the planet and the sea, despite the fact that this name was somehow "random".

Saturn Aries 01°28'23" Sixth House - [Time, Duty](#).

Saturn in progress now has an influence on the Six House, showing a risk of many diseases at some point in your life. Diseases that are likely to be long-lasting and difficult to heal. The cold will affect you badly and you will be predisposed to suffer from asthma as well as liver and stomach problems due to the condition of the body in general. Take care of your diet and maintain circulation through appropriate exercises.

Saturn Aries 01°28'23" - [Time, Confidence](#).

Saturn is in Aries, it will bring you a little to the spot, depending on your surroundings. You are ambitious, diplomatic and skeptical. You like the power and you can exercise some power, as well as manage others, organize and plan. You have great confidence and confidence, but sometimes you show severity, melancholy and a tendency to withdraw. It gives self-satisfaction and irritability, or bad character when challenging you. Your fate in life, especially your public career, is shaped mainly by your own choice, so your misfortunes will often be created because of you. If you can develop the virtues of honesty and tolerance, you will gain great strength and success, but avoid intransigence and impatience.

Venus Aries 24°30'53" Seventh House - [Joy, Familiar](#).

Venus has a basic influence on your horoscope's Seventh House, the Wedding House. This is a very lucky indicator and promises a companion who, not only is happy and good, but also is a person who will bring luck in your life, designed to help you financially and socially. Your marriage will be happy and all your relationships after the wedding will be harmonious and tranquil. Venus is the planet that rules all erotic affairs and tends to improve life according to the House that governs it. It will make your union fruitful and all children will bring blessing, greater joy, happiness and happiness.

Venus Aries 24°30'53" - [Joy, Confidence](#).

This position gives you the ability to easily make friends and increases the number of friends and acquaintances. It gives the gift of popularity, cordiality, the ability to please and to gain the acceptance of others. The sympathies are lively and intense, love is easy to see, and feelings and emotions are profound and mighty, so in some cases it is not easy to hold back or restrain, and perhaps because of it, it can be reckless. There is a good luck in financial matters and this position is good for

success in general, but it does not necessarily mean that you will have financial talent. There is some degree of exaggeration, unreasonable expense, generosity or waste, which can either arise from your own character, so it will need control, or it may be imposed on you by the circumstances. You will have a bent towards music or painting and you will love jewelry and fine things.

Venus Square Sun - Energy, Problem, Joy.

The Sun has now taken on an Opposition with the planet Venus and, although this planet is favorable, the opposite face of the Sun will hold many beneficial influences and instead of giving you benefits, this aspect rather reflects the denial of such things. If you are careful in your actions, you avoid extremes and live in a measured way, this look will not prove as serious as if you were doing acts that would allow this face to act contrary. Be as measured or as careful as possible, avoiding the extremes and excesses and taking care not to give opportunities to others.

Venus Square Mercury - Clarity, Problem, Joy.

The general tendency of the contrast between the planets Mercury and Venus that is now acting is to make the mind and feelings temporarily separated, as mental states tend to contradict the feeling or the emotional side of your nature. Often, this causes erroneous judgments and a general situation in which your affairs can temporarily go bad, at least in detail. You will be subject to a slight criticism and you will feel somewhat disconnected from some of your constitution. It will be to your benefit if you carefully monitor your financial affairs, especially that it is related to correspondence, avoiding any legal battle and general relationship with lawyers.

Moon Taurus 15°47'09" Eighth House - Mood, Others.

The Lunar Sphere of Influence is now in the Eighth House of your radical horoscope. During this period you will earn money either through inheritance or through partners. There is a possibility of a serious health problem for a person in your circle. You will also come closer to occult life and it is very likely that you are turning your mind towards the secret and secret issues, much more than before. You can become a member of an occult school or feel more than usual, psychic and mystic.

Moon Taurus 15°47'09" - Mood, Stability.

During this time the Moon will be in Taurus and financial issues will draw your attention. You will try to be more practical and stable - you will not want both the changes and the calm stability. However, it will make your feelings more upset than

usual and a sensual tendency will appear. You should pay special attention to the tendencies for intransigence and dogmatism and try to get to know the true nature of what is called obedience. This influence makes you more determined, although feelings may be too intense to prevent you from practicing your will because the negative influence is stronger than the positive one.

Jupiter Cancer 24°28'14" R Tenth House - [Luck, Profession.](#)

Jupiter in progress is affecting the Tenth House, suggesting that you will pursue a prudent profession through which you will win economically and socially. You will gain through religious affairs and affairs abroad. This planet implies success in all the topics in which it is headed, so that your occupations will be yours and will probably give you joy and happiness. There are many professions that can be suitably followed, from judge to dealer, depending on your abilities; but as far as trade is concerned, you will do better with companies related to clothing and offering to the general public of essentials, etc.

Jupiter Cancer 24°28'14" R - [Luck, Transactions.](#)

This progress strengthens imagination and insight and gives you some tendency towards art. It is a favorable place for family life, it gives peace and harmony at home, it indicates a bond between you and your parents and gives happiness and prosperity. It can bring you some inheritance from parents, possibly the mother or her family. You may be making some trips, possibly by sea, or perhaps following a profession that involves travel. You can benefit by acquiring houses or land, or by professions related to them. You have talent in choosing furniture and decorating the home and you like the beauty and finesse at home. Understand the architecture and you may be able to do it. It will pull you to the mental or occult side of things or perhaps give you the ability to develop a mental attribute.

[Jupiter Opposition Sun](#) - [Energy, Opposition, Luck.](#)

With Sun and Jupiter in Opposition because of progress, you have to pay attention to your health and especially to the condition of the blood. This aspect creates a tendency to waste and exaggeration and will bring into your life barriers about religious matters or with affairs of the heart. It is a good idea to make sure that your expenses do not exceed your income, otherwise you may be involved in legal problems or difficulties in which economics will play a leading role. With regard to health, it is likely that your liver will suffer. "Transparency in all things" should be your motto as long as you are under that influence, which can be beneficial if you cultivate distinction and self-control.

Jupiter Trine Moon - Mood, Gain, Luck.

The Moon and Jupiter on Trine will be very successful at this time, since almost all your efforts will be accompanied by abundance and success. Your mind will be free and generous, sincere and happy and your body will be healthy. This is an optimistic and promising period, during which you will create some noble and favorable relationships and friendships. You can now begin any serious pursuit of future profits and happiness and in general everything will go well. Your mind will be more focused on superior thinking and your mental and moral character will be improved. You can now promote all the important issues to the ultimate success. "Make the haystays as the sun shines."

Jupiter Opposition Mercury - Clarity, Opposition, Luck.

The Planets of Mercury and Jupiter have now moved on to a Contrast aspect and this may make you mistaken or cause you losses that come from the state of mind or from correspondence or legal affairs. You should act very cautiously during this time, avoid trials, and also be as careful as possible in what you write or sign. Think and judge very carefully before you act, because you can make a serious mistake in your judgment, which will cause you financial loss. Your mind will be rather obscured as long as you are under that influence. You must pay close attention to signing any important document. You should not borrow or lend as much as you are but look closely at your financial affairs.

Jupiter Trine Saturn - Luck, Gain, Time.

The cumbersome planets of Jupiter and Saturn are now on a blessing with each other. This is a very lucky place for success and good luck. You are now able to take any responsibility and start new businesses that will be of benefit to you. All things are going well when Jupiter and Saturn are in a harmonious vibration. It is a sign of honor and favor in your relationships with individuals older, or who possess power and authority. You can get help from such people and win their favor.

Jupiter Sextile Uranus - Luck, Benefit, Change.

Few people can hope to fully respond to this aspect. It simply means that "Manas" or "Superior Mind" is capable of transferring to the personality superior things and an advanced state of being. It awakens all the insights and gives a superior type of intelligence, which is sometimes summed up by the phrase, "whatever is there, it is the best" and this expression is very likely to use in all the affairs of everyday life the person who is fully Under this influence. From a material point of view it offers benefits through glimpses of intelligence or ingenuity and originality.

Jupiter Trine Neptune - [Luck, Gain, Inspiration.](#)

The joyful face of Jupiter with the planet Neptune is a lucky place, both for your material prosperity and for your spiritual advance if you can take advantage of it in this direction. Beneficial influences will flow to you and you can use them as you wish: spiritually or cosmically. However, because of this influence, there is a tendency to exaggeration, and you must try to correct it by disciplining yourself with other lines of thought, such as science or mathematics, so that the sensual and emotional nature (which may be Very strong) not to gain great dominance. Finance programs may be important in your life, either directly or indirectly. You must try to follow the so-called rigorous virtues, as well as simplicity and austerity. This aspect develops spirituality, fertility and occult powers. You have a kind soul, you are an idealist and sympathize with your fellow human beings. You become dear to friends, you enjoy philosophical discussions and have artistic talents. Have good sleep with frequent dreams and react well to anesthetics.

Uranus Virgo 22°17'05" R Twelfth House - [Change, Mystery.](#)

Uranus in progress is related to all the occult issues in your horoscope (12th House) and all secret issues will have a special attraction and interest in you. You have the ability to engage in the study of Astrology and related topics, and a love for the metaphysical is buried deep within your nature, so you must seek to bring it into action. You may be guided by the perceptions of higher truths, some major disasters or some strange and unexpected experiences that may occur in your life, but you will always drive ever closer to the truth, and perhaps at the end you will make very fast progress.

Uranus Virgo 22°17'05" R - [Change, Details.](#)

This position predisposes you to struggle for social causes, to engage in trade unionism, to be interested in innovative medical science, cars, electronics, etc. It also shows good friends in the working environment and gives a sudden success in business and work and an unexpected promotion. When you are in bad directions, you may experience health problems and work difficulties for political reasons.

Pluto Virgo 19°11'20" R Twelfth House - [Wealth, Mystery.](#)

Pluto in the Twelfth House gives some testing in the sexual field, as well as secret enemies.

Pluto Virgo 19°11'20" R - [Wealth, Details.](#)

Pluto in Virgo gives a perverted spirit and a great sense of criticism and justice.

Jupiter Trine Saturn - Luck, Gain, Time.

The cumbersome planets of Jupiter and Saturn are now on a blessing with each other. This is a very lucky place for success and good luck. You are now able to take any responsibility and start new businesses that will be of benefit to you. All things are going well when Jupiter and Saturn are in a harmonious vibration. It is a sign of honor and favor in your relationships with individuals older, or who possess power and authority. You can get help from such people and win their favor.

Jupiter Sextile Uranus - Luck, Benefit, Change.

Few people can hope to fully respond to this aspect. It simply means that "Manas" or "Superior Mind" is capable of transferring to the personality superior things and an advanced state of being. It awakens all the insights and gives a superior type of intelligence, which is sometimes summed up by the phrase, "whatever is there, it is the best" and this expression is very likely to use in all the affairs of everyday life the person who is fully Under this influence. From a material point of view it offers benefits through glimpses of intelligence or ingenuity and originality.

Jupiter Trine Neptune - Luck, Gain, Inspiration.

The joyful face of Jupiter with the planet Neptune is a lucky place, both for your material prosperity and for your spiritual advance if you can take advantage of it in

this direction. Beneficial influences will flow to you and you can use them as you wish: spiritually or cosmically. However, because of this influence, there is a tendency to exaggeration, and you must try to correct it by disciplining yourself with other lines of thought, such as science or mathematics, so that the sensual and emotional nature (which may be Very strong) not to gain great dominance. Finance programs may be important in your life, either directly or indirectly. You must try to follow the so-called rigorous virtues, as well as simplicity and austerity. This aspect develops spirituality, fertility and occult powers. You have a kind soul, you are an idealist and sympathize with your fellow human beings. You become dear to friends, you enjoy philosophical discussions and have artistic talents. Have good sleep with frequent dreams and react well to anesthetics.

[Neptune Sextile Sun - Energy, Benefit, Inspiration.](#)

The Sun and the planet Neptune are now on the Prosperous side, and this in itself is a very good and beneficial influence, but it depends on how powerful Neptune is in your horoscope. For those who are sensitive to the influence of the planet, this aspect promises a very prosperous era, with its cosmic, emotional or spiritual meaning, and certainly this aspect will certainly have a beneficial effect, even if it is not very obvious . Neptune is particularly relevant to our emotional nature and our favorites are bound to expand and excite to fuller action thanks to its influence. It is very likely that you are making a sea voyage or staying long on a seaside because there is a mysterious connection between the planet and the sea, despite the fact that this name was somehow "random".

[Neptune Trine Moon - Mood, Gain, Inspiration.](#)

The Moon is now on the Prospect with the planet Neptune and it is mostly favorable, although the way it works will be largely determined by the general influences that are in operation. Your personal situation is likely to be harmonious and you will do well with those with whom you will come into contact. You may have a cruise or a sea voyage that will give you a dozen weeks of enjoyable experience, because generally the sea has a relationship, direct or indirect, with all the issues under Neptune's

influence, because this planet is related to The deeper feelings of human nature, symbolized by the sea. But do not expect many durable goods from this aspect, which is just temporary.

Neptune Sextile Mercury - Clarity, Benefit, Inspiration.

The planets of Mercury and Neptune are now on the Prosperous side, a favorable influence for those who can respond because it directs the mind to the sophisticated aesthetic aspect of art and, in the case of those who by their nature are mentally oriented towards the mystical face of life . Certainly you may be interested in the study of symbolism, such as mystery works, mythological dramas, traditions and similar subjects. If you wish to gain the greatest benefit from this aspect, you must ensure that the aesthetic beauty of art or poetry does not blind you to its spiritual meaning. The nervous system is favored by this aspect and a short trip or excursion that is going to be done this time, is likely to stay for a long time in your memory.

Neptune Trine Saturn - Time, Gain, Inspiration.

The planets of Saturn and Neptune are in the Wondrous Trine - this indicates the ability to concentrate your efforts in a certain direction with great perseverance. In fact, this aspect gives an extraordinary power of persistence, despite the obstacles and defeats, if its influence is fully utilized. You will always have a liking for the strange and the unusual and you will be able to follow your path satisfactorily, whether it is welcomed by others or not. It creates a tendency for hardness in the character, and you should try to widen your sympathy and develop your love for others to compensate for it. This aspect is very good because it allows you to take advantage of your imagination creatively. You can take advantage of the profession of decorator, director, journalist, etc. Music has a strange effect on your inner nature.

Neptune Sextile Uranus - Change, Benefit, Inspiration.

The Bright face between the distant planets of our system, Neptune and Uranus, is an influence that will have little real effect on your outer life, as its effects are directed more towards inner nature or character. It implies that the subjective and objective elements of your character are in a harmonious balance, and therefore, external life is not likely to be disturbed by sudden energy outflows coming from within. Although it can be considered as a very favorable position, you should not over-estimate it in terms of the usual notion of "favorable" because its influence is far removed from physical life so that it has some direct effect on it And therefore the faces of the other planets on your birth horoscope will be comparatively much more powerful.

Moon Gemini 09°56'31" - Mood, Contacts.

The Moon in progress passes through the Gemini and this will make you feel many binary experiences. You can deal with two different goals or have two completely opposite experiences. This influence will make you think about your senses and feelings, too, there will be occasions when you need to hold a steady stance, while you tend to swing and be undecided. Experiences related to relatives or travel will draw your attention - you will have a tendency towards learning and you will want more knowledge than usual, but all your experiences will be a little bit of a binary nature. Because this is a Variable Sign, you should not expect anything fixed and fixed, because now the mind is hard to concentrate on.

Jupiter Opposition Sun - Energy, Opposition, Luck.

With Sun and Jupiter in Opposition because of progress, you have to pay attention to your health and especially to the condition of the blood. This aspect creates a tendency to waste and exaggeration and will bring into your life barriers about religious matters or with affairs of the heart. It is a good idea to make sure that your expenses do not exceed your income, otherwise you may be involved in legal problems or difficulties in which economics will play a leading role. With regard to health, it is likely that your liver will suffer. "Transparency in all things" should be your motto as long as you are under that influence, which can be beneficial if you cultivate distinction and self-control.

Jupiter Trine Moon - Mood, Gain, Luck.

The Moon and Jupiter on Trine will be very successful at this time, since almost all your efforts will be accompanied by abundance and success. Your mind will be free and generous, sincere and happy and your body will be healthy. This is an optimistic and promising period, during which you will create some noble and favorable relationships and friendships. You can now begin any serious pursuit of future profits and happiness and in general everything will go well. Your mind will be more focused on superior thinking and your mental and moral character will be improved. You can now promote all the important issues to the ultimate success. "Make the haystays as the sun shines."

Jupiter Opposition Mercury - Clarity, Opposition, Luck.

The Planets of Mercury and Jupiter have now moved on to a Contrast aspect and this may make you mistaken or cause you losses that come from the state of mind or from correspondence or legal affairs. You should act very cautiously during this time, avoid trials, and also be as careful as possible in what you write or sign. Think and

judge very carefully before you act, because you can make a serious mistake in your judgment, which will cause you financial loss. Your mind will be rather obscured as long as you are under that influence. You must pay close attention to signing any important document. You should not borrow or lend as much as you are but look closely at your financial affairs.

Jupiter Trine Saturn - Luck, Gain, Time.

The cumbersome planets of Jupiter and Saturn are now on a blessing with each other. This is a very lucky place for success and good luck. You are now able to take any responsibility and start new businesses that will be of benefit to you. All things are going well when Jupiter and Saturn are in a harmonious vibration. Moon Gemini 22°23'38" Ninth House - Mood, Organizer.

The Moon now proceeds to the Ninth House and through this part of the horoscope will move your mind and your thoughts to philosophical and scientific quests. You can make a big trip or generally travel during this influence. It implies that your mind will widen and your attitude will be more philosophical than usual. You will come in contact with people of religion or with some deep thinkers. You will be active and alert and will study issues deeper than before. The Ninth House is associated with what we call the superior mind, where the soul is more interested in subjective experiences than in the objective and specific one. Your appeals will now be intensified.

Jupiter Opposition Sun - Energy, Opposition, Luck.

With Sun and Jupiter in Opposition because of progress, you have to pay attention to your health and especially to the condition of the blood. This aspect creates a tendency to waste and exaggeration and will bring into your life barriers about religious matters or with affairs of the heart. Venus Square Jupiter - Joy, Problem, Luck.

At this time, Venus and Jupiter are in contrast, and although this aspect is not significant, since both planets are favorable, however, they indicate some excessive or increased costs; issues related to social life will not be so Comfortably as before, and you may find that costs are somewhat higher than usual. Generally, it is a face where you must show caution and prudence. It is not conducive to travel, but all of this can be overcome easily, because both planets are beneficial. These views do not suggest absolute situations.

Moon Cancer 05°12'23" - Mood, Transactions.

The Moon has now proceeded to the sign of Cancer, a sign that governs family life and all related affairs, as well as the negative side of life in general. During this time, all family issues will draw your attention and gain great experience through them. You will make new links and stick to people or objects. You will become very sensitive, with varying moods, able to feel the vibrations that pass around you. But much will depend on the circumstances in which you will find yourself, as to how the moon will affect you through this sign. In terms of character you will become more stable, but also much more sensitive and receptive.

Jupiter Opposition Sun - Energy, Opposition, Luck.

With Sun and Jupiter in Opposition because of progress, you have to pay attention to your health and especially to the condition of the blood. This aspect creates a tendency to waste and exaggeration and will bring into your life barriers about religious matters or with affairs of the heart. It creates a tendency for hardness in the character, and you should try to widen your sympathy and develop your love for others to compensate for it. This aspect is very good because it allows you to take

advantage of your imagination creatively. You can take advantage of the profession of decorator, director, journalist, etc. Music has a strange effect on your inner nature.

Neptune Sextile Uranus - Change, Benefit, Inspiration.

The Bright face between the distant planets of our system, Neptune and Uranus, is an influence that will have little real effect on your outer life, as its effects are directed more towards inner nature or character. It implies that the subjective and objective elements of your character are in a harmonious balance, and therefore, external life is not likely to be disturbed by sudden energy outflows coming from within. Although it can be considered as a very favorable position, you should not over-estimate it in terms of the usual notion of "favorable" because its influence is far removed from physical life so that it has some direct effect on it And therefore the faces of the other planets on your birth horoscope will be comparatively much more powerful.

Sun Trine Jupiter - Energy, Gain, Luck.

The Sun is now on the Prosperous side with the lucky Jupiter, a good influence that lasts for a long enough period to feel its beneficial results. You have now reached a stage of your development where you will be presented with opportunities not only to develop the best aspect of your nature but also to significantly improve your social position in the world. You will no doubt gain cosmic success or spiritual progress, depending on the strength of your desires and aspirations, because much of this influence depends on your ability to respond to the opportunities presented to you. But all the new aspirations that will begin this period will succeed and you can expect ultimate prosperity. This may be the best time of your life if the opportunities are properly used and you benefit from them fully.

Venus Taurus 00°35'54" - Joy, Stability.

This is a lucky place for planet Venus. It gives stability to feelings, faith in love and, although feelings are intense, the character is stable and does not change easily. Appearances and resentments are persistently maintained, and although you may be loyal friends, you are also reluctant to abandon feelings of bias or hostility. Your sociality is quite developed and you can win friends and become popular in your circle. If you deal with business or financial matters, this position is favorable because it will help you gain the appreciation of the people you are dealing with and thus make your way easier. It is slightly favorable for financial matters in general, in particular through heritage, co-operation or marriage. You have some skill in finances, but you can also be generous and good-hearted.

Venus Square Jupiter - Joy, Problem, Luck.

At this time, Venus and Jupiter are in contrast, and although this aspect is not significant, since both planets are favorable, however, they indicate some excessive or increased costs; issues related to social life will not be so Comfortably as before, and you may find that costs are somewhat higher than usual. Generally, it is a face where you must show caution and prudence. It is not conducive to travel, but all of this can be overcome easily, because both planets are beneficial. These views do not suggest absolute situations.

Moon Cancer 18°27'14" Tenth House - Mood, Profession.

The Moon is now in the Tenth House of your horoscope, which is mainly related to reputation, profession and general external issues. You will now be more in the spotlight, making your efforts public, progress, or recognition. Try to make the most of your progress, because you will be able to exercise power and you will have great opportunities to stand out in life and make your activities more useful. Sometimes this position is a success as well as the acquisition of strength and responsibility. Your entire horoscope is enhanced by this advanced position of the Moon, and many will depend on your abilities, how it favors you, but gives you opportunities.

Jupiter Opposition Sun - Energy, Opposition, Luck.

With Sun and Jupiter in Opposition because of progress, you have to pay attention to your health and especially to the condition of the blood. This aspect creates a tendency to waste and exaggeration and will bring into your life barriers about religious matters or with affairs of the heart. It is a good idea to make sure that your expenses do not exceed your income, otherwise you may be involved in legal problems or difficulties in which economics will play a leading role. With regard to health, it is likely that your liver will suffer. "Transparency in all things" should be your motto as long as you are under that influence, which can be beneficial if you cultivate distinction and self-control.

Jupiter Trine Moon - Mood, Gain, Luck.

The Moon and Jupiter on Trine will be very successful at this time, since almost all your efforts will be accompanied by abundance and success. Your mind will be free and generous, sincere and happy and your body will be healthy. This is an optimistic and promising period, during which you will create some noble and favorable relationships and friendships. You can now begin any serious pursuit of future profits and happiness and in general everything will go well. Your mind will be more focused on superior thinking and your mental and moral character will be improved. You can

now promote all the important issues to the ultimate success. "Make the haystays as the sun shines."

Jupiter Opposition Mercury - Clarity, Opposition, Luck.

The Planets of Mercury and Jupiter have now moved on to a Contrast aspect and this may make you mistaken or cause you losses that come from the state of mind or from correspondence or legal affairs. You should act very cautiously during this time, avoid trials, and also be as careful as possible in what you write or sign. Think and judge very carefully before you act, because you can make a serious mistake in your judgment, which will cause you financial loss. Your mind will be rather obscured as long as you are under that influence. You must pay close attention to signing any important document. You should not borrow or lend as much as you are but look closely at your financial affairs.

Jupiter Trine Saturn - Luck, Gain, Time.

The cumbersome planets of Jupiter and Saturn are now on a blessing with each other. This is a very lucky place for success and good luck. You are now able to take any responsibility and start new businesses that will be of benefit to you. All things are going well when Jupiter and Saturn are in a harmonious vibration. It is a sign of honor and favor in your relationships with individuals older, or who possess power and authority. You can get help from such people and win their favor.

Jupiter Sextile Uranus - Luck, Benefit, Change.

Few people can hope to fully respond to this aspect. It simply means that "Manas" or "Superior Mind" is capable of transferring to the personality superior things and an advanced state of being. It awakens all the insights and gives a superior type of intelligence, which is sometimes summed up by the phrase, "whatever is there, it is the best" and this expression is very likely to use in all the affairs of everyday life the person who is fully Under this influence. From a material point of view it offers benefits through glimpses of intelligence or ingenuity and originality.

Jupiter Trine Neptune - Luck, Gain, Inspiration.

The joyful face of Jupiter with the planet Neptune is a lucky place, both for your material prosperity and for your spiritual advance if you can take advantage of it in this direction. Beneficial influences will flow to you and you can use them as you wish: spiritually or cosmically. However, because of this influence, there is a tendency to exaggeration, and you must try to correct it by disciplining yourself with other lines

of thought, such as science or mathematics, so that the sensual and emotional nature (which may be Very strong) not to gain great dominance. Finance programs may be important in your life, either directly or indirectly. You must try to follow the so-called rigorous virtues, as well as simplicity and austerity. This aspect develops spirituality, fertility and occult powers. You have a kind soul, you are an idealist and sympathize with your fellow human beings. You become dear to friends, you enjoy philosophical discussions and have artistic talents. Have good sleep with frequent dreams and react well to anesthetics.

Neptune Sextile Sun - Energy, Benefit, Inspiration.

The Sun and the planet Neptune are now on the Prosperous side, and this in itself is a very good and beneficial influence, but it depends on how powerful Neptune is in your horoscope. For those who are sensitive to the influence of the planet, this aspect promises a very prosperous era, with its cosmic, emotional or spiritual meaning, and certainly this aspect will certainly have a beneficial effect, even if it is not very obvious . Neptune is particularly relevant to our emotional nature and our favorites are bound to expand and excite to fuller action thanks to its influence. It is very likely that you are making a sea voyage or staying long on a seaside because there is a mysterious connection between the planet and the sea, despite the fact that this name was somehow "random".

Neptune Trine Moon - Mood, Gain, Inspiration.

The Moon is now on the Prospect with the planet Neptune and it is mostly favorable, although the way it works will be largely determined by the general influences that are in operation. Your personal situation is likely to be harmonious and you will do well with those with whom you will come into contact. You may have a cruise or a sea voyage that will give you a dozen weeks of enjoyable experience, because generally the sea has a relationship, direct or indirect, with all the issues under Neptune's influence, because this planet is related to The deeper feelings of human nature, symbolized by the sea. But do not expect many durable goods from this aspect, which is just temporary.

Neptune Sextile Mercury - Clarity, Benefit, Inspiration.

The planets of Mercury and Neptune are now on the Prosperous side, a favorable influence for those who can respond because it directs the mind to the sophisticated aesthetic aspect of art and, in the case of those who by their nature are mentally oriented towards the mystical face of life . Certainly you may be interested in the study of symbolism, such as mystery works, mythological dramas, traditions and similar subjects. If you wish to gain the greatest benefit from this aspect, you must ensure that the aesthetic beauty of art or poetry does not blind you to its spiritual meaning. The nervous system is favored by this aspect and a short trip or excursion that is going to be done this time, is likely to stay for a long time in your memory.

Neptune Trine Saturn - Time, Gain, Inspiration.

The planets of Saturn and Neptune are in the Wondrous Trine - this indicates the ability to concentrate your efforts in a certain direction with great perseverance. In fact, this aspect gives an extraordinary power of persistence, despite the obstacles and defeats, if its influence is fully utilized. You will always have a liking for the strange and the unusual and you will be able to follow your path satisfactorily, whether it is welcomed by others or not. It creates a tendency for hardness in the character, and you should try to widen your sympathy and develop your love for others to compensate for it. This aspect is very good because it allows you to take advantage of your imagination creatively. You can take advantage of the profession of decorator, director, journalist, etc. Music has a strange effect on your inner nature.

Neptune Sextile Uranus - Change, Benefit, Inspiration.

The Bright face between the distant planets of our system, Neptune and Uranus, is an influence that will have little real effect on your outer life, as its effects are directed more towards inner nature or character. It implies that the subjective and objective elements of your character are in a harmonious balance, and therefore, external life is not likely to be disturbed by sudden energy outflows coming from within. Although it can be considered as a very favorable position, you should not over-estimate it in terms of the usual notion of "favorable" because its influence is far removed from physical life so that it has some direct effect on it And therefore the faces of the other planets on your birth horoscope will be comparatively much more powerful.

Sun Aries 00°35'18" - Energy, Confidence.

The progress of the Sun in Aries makes you unpopular, ambitious but powerful. With a strong character and energy, excitement, which sometimes exceeds the limits and makes you impulsive and steep. You are independent, you love freedom and responsibility and want recognition and appreciation of what you relate to. You are not friends of hard work and work well only when they encourage you, but even then you will refuse to be tired. You have a generous and magnanimous character and you are loyal to all your friends. You are idealistic, intriguing and prophetic, but sometimes you overdo it and overestimate the situations. Born pioneers, you possess an admirable insight, quick perception and judgment, honesty, courage and heroism, and you like to drive others.

Sun Trine Jupiter - Energy, Gain, Luck.

The Sun is now on the Prosperous side with the lucky Jupiter, a good influence that lasts for a long enough period to feel its beneficial results. You have now reached a stage of your development where you will be presented with opportunities not only to develop the best aspect of your nature but also to significantly improve your social position in the world. You will no doubt gain cosmic success or spiritual progress, depending on the strength of your desires and aspirations, because much of this influence depends on your ability to respond to the opportunities presented to you. But all the new aspirations that will begin this period will succeed and you can expect ultimate prosperity. This may be the best time of your life if the opportunities are properly used and you benefit from them fully.

Moon Leo 02°11'00" - Mood, Creativity.

As long as the Moon passes through the sign of Leona, your condition will be comfortable and harmonious. You will be more satisfied with the pleasures and you may be looking for them more than usual. Because this zodiac governs all the heart-related issues, it will make you experience different feelings, such as social affairs and issues concerning the happy face of life. You will be turning to speculation or investing money, and the mind will also improve. This is a good sign for the lunar sphere of influence to pass, because it can better cope with the opposing faces and enhance the benefactors. You are now under an influence that allows the faces to express themselves positively.

Jupiter Opposition Sun - Energy, Opposition, Luck.

With Sun and Jupiter in Opposition because of progress, you have to pay attention to your health and especially to the condition of the blood. This aspect creates a tendency to waste and exaggeration and will bring into your life barriers about religious matters or with affairs of the heart. It is a good idea to make sure that your

expenses do not exceed your income, otherwise you may be involved in legal problems or difficulties in which economics will play a leading role. With regard to health, it is likely that your liver will suffer. "Transparency in all things" should be your motto as long as you are under that influence, which can be beneficial if you cultivate distinction and self-control.

Jupiter Trine Moon - Mood, Gain, Luck.

The Moon and Jupiter on Trine will be very successful at this time, since almost all your efforts will be accompanied by abundance and success. Your mind will be free and generous, sincere and happy and your body will be healthy. This is an optimistic and promising period, during which you will create some noble and favorable relationships and friendships. You can now begin any serious pursuit of future profits and happiness and in general everything will go well. Your mind will be more focused on superior thinking and your mental and moral character will be improved. You can now promote all the important issues to the ultimate success. "Make the haystays as the sun shines."

Jupiter Opposition Mercury - Clarity, Opposition, Luck.

The Planets of Mercury and Jupiter have now moved on to a Contrast aspect and this may make you mistaken or cause you losses that come from the state of mind or from correspondence or legal affairs. You should act very cautiously during this time, avoid trials, and also be as careful as possible in what you write or sign. Think and judge very carefully before you act, because you can make a serious mistake in your judgment, which will cause you financial loss. Your mind will be rather obscured as long as you are under that influence. You must pay close attention to signing any important document. You should not borrow or lend as much as you are but look closely at your financial affairs.

Jupiter Trine Saturn - Luck, Gain, Time.

The cumbersome planets of Jupiter and Saturn are now on a blessing with each other. This is a very lucky place for success and good luck. You are now able to take any responsibility and start new businesses that will be of benefit to you. All things are going well when Jupiter and Saturn are in a harmonious vibration. It is a sign of honor and favor in your relationships with individuals older, or who possess power and authority. You can get help from such people and win their favor.

Jupiter Sextile Uranus - Luck, Benefit, Change.

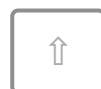

Few people can hope to fully respond to this aspect. It simply means that "Manas" or "Superior Mind" is capable of transferring to the personality superior things and an advanced state of being. Moon Virgo 01°03'46" - Mood, Details.

The sign through which the Moon now proceeds is the Virgo. This will make you express your ability to discriminate and enhance your critical ability. Your mind will pursue different goals. All business issues will increase and there is a lot of activity in relation to them. This sign is not good for your health and you should not be disappointed or melancholy because your mind tends to be overly sensitive and critical and to see things less optimistic than needed. You can take advantage of the study of hygiene. You will turn more towards lower social classes, and maybe during this period you do a lot to help them.

You can take advantage of the profession of decorator, director, journalist, etc. Music has a strange effect on your inner nature.

Neptune Sextile Uranus - Change, Benefit, Inspiration.

The Bright face between the distant planets of our system, Neptune and Uranus, is an influence that will have little real effect on your outer life, as its effects are directed more towards inner nature or character. It implies that the subjective and objective elements of your character are in a harmonious balance, and therefore, external life is not likely to be disturbed by sudden energy outflows coming from within. Although it can be considered as a very favorable position, you should not over-estimate it in terms of the usual notion of "favorable" because its influence is far removed from physical life so that it has some direct effect on it. And therefore the faces of the other planets on your birth horoscope will be comparatively much more powerful.

Jupiter Opposition Sun - Energy, Opposition, Luck.

With Sun and Jupiter in Opposition because of progress, you have to pay attention to your health and especially to the condition of the blood. This aspect creates a tendency to waste and exaggeration and will bring into your life barriers about religious matters or with affairs of the heart. It is a good idea to make sure that your expenses do not exceed your income, otherwise you may be involved in legal problems or difficulties in which economics will play a leading role. With regard to health, it is likely that your liver will suffer. "Transparency in all things" should be your motto as long as you are under that influence, which can be beneficial if you cultivate distinction and self-control.

Jupiter Trine Moon - Mood, Gain, Luck.

The Moon and Jupiter on Trine will be very successful at this time, since almost all your efforts will be accompanied by abundance and success. Your mind will be free and generous, sincere and happy and your body will be healthy. This is an optimistic and promising period, during which you will create some noble and favorable relationships and friendships. You can now begin any serious pursuit of future profits and happiness and in general everything will go well. Your mind will be more focused on superior thinking and your mental and moral character will be improved. You can now promote all the important issues to the ultimate success. "Make the haystays as the sun shines."

Jupiter Opposition Mercury - Clarity, Opposition, Luck.

The Planets of Mercury and Jupiter have now moved on to a Contrast aspect and this may make you mistaken or cause you losses that come from the state of mind or from correspondence or legal affairs. You should act very cautiously during this time, avoid trials, and also be as careful as possible in what you write or sign. Think and judge very carefully before you act, because you can make a serious mistake in your judgment, which will cause you financial loss. Your mind will be rather obscured as long as you are under that influence. You must pay close attention to signing any important document. You should not borrow or lend as much as you are but look closely at your financial affairs.

Jupiter Trine Saturn - Luck, Gain, Time.

The cumbersome planets of Jupiter and Saturn are now on a blessing with each other. This is a very lucky place for success and good luck. You are now able to take any responsibility and start new businesses that will be of benefit to you. All things are going well when Jupiter and Saturn are in a harmonious vibration. It is a sign of honor and favor in your relationships with individuals older, or who possess power and authority. You can get help from such people and win their favor.

Jupiter Sextile Uranus - Luck, Benefit, Change.

Few people can hope to fully respond to this aspect. It simply means that "Manas" or "Superior Mind" is capable of transferring to the personality superior things and an advanced state of being. It awakens all the insights and gives a superior type of intelligence, which is sometimes summed up by the phrase, "whatever is there, it is the best" and this expression is very likely to use in all the affairs of everyday life the person who is fully Under this influence. From a material point of view it offers benefits through glimpses of intelligence or ingenuity and originality.

Jupiter Trine Neptune - Luck, Gain, Inspiration.

The joyful face of Jupiter with the planet Neptune is a lucky place, both for your material prosperity and for your spiritual advance if you can take advantage of it in this direction. Beneficial influences will flow to you and you can use them as you wish: spiritually or cosmically. However, because of this influence, there is a tendency to exaggeration, and you must try to correct it by disciplining yourself with other lines of thought, such as science or mathematics, so that the sensual and emotional nature (which may be Very strong) not to gain great dominance. Finance programs may be important in your life, either directly or indirectly. You must try to follow the so-called rigorous virtues, as well as simplicity and austerity. This aspect develops spirituality, fertility and occult powers. You have a kind soul, you are an idealist and sympathize with your fellow human beings. You become dear to friends, you enjoy philosophical discussions and have artistic talents. Have good sleep with frequent dreams and react well to anesthetics.

Moon Virgo 16°04'13" Twelfth House - Mood, Mystery.

The Moon has now reached your Twelfth Horoscope House and you may have some troubles and you may suffer from enemies, bosses, etc. as long as the Moon is in this position that excites the worst and most unpleasant influences of your horoscope. But it is a good place to fulfill your destiny and if you think so, you will have many different opportunities and understandings. You may have some connection with hospitals or restriction sites or, perhaps, a task related to such institutions during this period. You will be more attracted to the psychic world and will generally be interested in the deeper aspect of life, occultism, etc. You will show sympathy for those who suffer and need.

Neptune Sextile Sun - Energy, Benefit, Inspiration.

The Sun and the planet Neptune are now on the Prosperous side, and this in itself is a very good and beneficial influence, but it depends on how powerful Neptune is in your horoscope. For those who are sensitive to the influence of the planet, this aspect

promises a very prosperous era, with its cosmic, emotional or spiritual meaning, and certainly this aspect will certainly have a beneficial effect, even if it is not very obvious . Neptune is particularly relevant to our emotional nature and our favorites are bound to expand and excite to fuller action thanks to its influence. It is very likely that you are making a sea voyage or staying long on a seaside because there is a mysterious connection between the planet and the sea, despite the fact that this name was somehow "random".

Neptune Trine Moon - Mood, Gain, Inspiration.

The Moon is now on the Prospect with the planet Neptune and it is mostly favorable, although the way it works will be largely determined by the general influences that are in operation. Your personal situation is likely to be harmonious and you will do well with those with whom you will come into contact. You may have a cruise or a sea voyage that will give you a dozen weeks of enjoyable experience, because generally the sea has a relationship, direct or indirect, with all the issues under Neptune's influence, because this planet is related to The deeper feelings of human nature, symbolized by the sea. But do not expect many durable goods from this aspect, which is just temporary.

Neptune Sextile Mercury - Clarity, Benefit, Inspiration.

The planets of Mercury and Neptune are now on the Prosperous side, a favorable influence for those who can respond because it directs the mind to the sophisticated aesthetic aspect of art and, in the case of those who by their nature are mentally oriented towards the mystical face of life . Certainly you may be interested in the study of symbolism, such as mystery works, mythological dramas, traditions and similar subjects. If you wish to gain the greatest benefit from this aspect, you must ensure that the aesthetic beauty of art or poetry does not blind you to its spiritual meaning. The nervous system is favored by this aspect and a short trip or excursion that is going to be done this time, is likely to stay for a long time in your memory.

Neptune Trine Saturn - Time, Gain, Inspiration.

The planets of Saturn and Neptune are in the Wondrous Trine - this indicates the ability to concentrate your efforts in a certain direction with great perseverance. In fact, this aspect gives an extraordinary power of persistence, despite the obstacles and defeats, if its influence is fully utilized. You will always have a liking for the strange and the unusual and you will be able to follow your path satisfactorily, whether it is welcomed by others or not. It creates a tendency for hardness in the character, and you should try to widen your sympathy and develop your love for others to compensate for it. This aspect is very good because it allows you to take

advantage of your imagination creatively. You can take advantage of the profession of decorator, director, journalist, etc. Music has a strange effect on your inner nature.

But do not expect many durable goods from this aspect, which is just temporary.

Neptune Sextile Mercury - Clarity, Benefit, Inspiration.

The planets of Mercury and Neptune are now on the Prosperous side, a favorable influence for those who can respond because it directs the mind to the sophisticated aesthetic aspect of art and, in the case of those who by their nature are mentally oriented towards the mystical face of life . Certainly you may be interested in the study of symbolism, such as mystery works, mythological dramas, traditions and similar subjects. If you wish to gain the greatest benefit from this aspect, you must ensure that the aesthetic beauty of art or poetry does not blind you to its spiritual meaning. The nervous system is favored by this aspect and a short trip or excursion that is going to be done this time, is likely to stay for a long time in your memory.

Neptune Trine Saturn - Time, Gain, Inspiration.

The planets of Saturn and Neptune are in the Wondrous Trine - this indicates the ability to concentrate your efforts in a certain direction with great perseverance. In fact, this aspect gives an extraordinary power of persistence, despite the obstacles and defeats, if its influence is fully utilized. You will always have a liking for the strange and the unusual and you will be able to follow your path satisfactorily, whether it is welcomed by others or not. It creates a tendency for hardness in the character, and you should try to widen your sympathy and develop your love for others to compensate for it. This aspect is very good because it allows you to take advantage of your imagination creatively. You can take advantage of the profession of decorator, director, journalist, etc. Music has a strange effect on your inner nature.

Neptune Sextile Uranus - Change, Benefit, Inspiration.

The Bright face between the distant planets of our system, Neptune and Uranus, is an influence that will have little real effect on your outer life, as its effects are directed more towards inner nature or character. It implies that the subjective and objective elements of your character are in a harmonious balance, and therefore, external life is not likely to be disturbed by sudden energy outflows coming from within. Although it can be considered as a very favorable position, you should not over-estimate it in terms of the usual notion of "favorable" because its influence is far removed from physical life so that it has some direct effect on it And therefore the faces of the other planets on your birth horoscope will be comparatively much more powerful.

Jupiter Opposition Sun - Energy, Opposition, Luck.

With Sun and Jupiter in Opposition because of progress, you have to pay attention to your health and especially to the condition of the blood. This aspect creates a tendency to waste and exaggeration and will bring into your life barriers about religious matters or with affairs of the heart. It is a good idea to make sure that your expenses do not exceed your income, otherwise you may be involved in legal problems or difficulties in which economics will play a leading role. With regard to health, it is likely that your liver will suffer. "Transparency in all things" should be your motto as long as you are under that influence, which can be beneficial if you cultivate distinction and self-control.

Jupiter Trine Moon - Mood, Gain, Luck.

The Moon and Jupiter on Trine will be very successful at this time, since almost all your efforts will be accompanied by abundance and success. Your mind will be free and generous, sincere and happy and your body will be healthy. This is an optimistic and promising period, during which you will create some noble and favorable relationships and friendships. You can now begin any serious pursuit of future profits and happiness and in general everything will go well. Your mind will be more focused on superior thinking and your mental and moral character will be improved. You can now promote all the important issues to the ultimate success. "Make the haystays as the sun shines."

Jupiter Opposition Mercury - Clarity, Opposition, Luck.

The Planets of Mercury and Jupiter have now moved on to a Contrast aspect and this may make you mistaken or cause you losses that come from the state of mind or from correspondence or legal affairs. You should act very cautiously during this time, avoid trials, and also be as careful as possible in what you write or sign. Think and judge very carefully before you act, because you can make a serious mistake in your judgment, which will cause you financial loss. Your mind will be rather obscured as

long as you are under that influence. You must pay close attention to signing any important document. You should not borrow or lend as much as you are but look closely at your financial affairs.

Jupiter Trine Saturn - Luck, Gain, Time.

The cumbersome planets of Jupiter and Saturn are now on a blessing with each other. This is a very lucky place for success and good luck. You are now able to take any responsibility and start new businesses that will be of benefit to you. All things are going well when Jupiter and Saturn are in a harmonious vibration. It is a sign of honor and favor in your relationships with individuals older, or who possess power and authority. You can get help from such people and win their favor.

Jupiter Sextile Uranus - Luck, Benefit, Change.

Few people can hope to fully respond to this aspect. It simply means that "Manas" or "Superior Mind" is capable of transferring to the personality superior things and an advanced state of being. It awakens all the insights and gives a superior type of intelligence, which is sometimes summed up by the phrase, "whatever is there, it is the best" and this expression is very likely to use in all the affairs of everyday life the person who is fully Under this influence. From a material point of view it offers benefits through glimpses of intelligence or ingenuity and originality.

Jupiter Trine Neptune - Luck, Gain, Inspiration.

The joyful face of Jupiter with the planet Neptune is a lucky place, both for your material prosperity and for your spiritual advance if you can take advantage of it in this direction. Beneficial influences will flow to you and you can use them as you wish: spiritually or cosmically. However, because of this influence, there is a tendency to exaggeration, and you must try to correct it by disciplining yourself with other lines of thought, such as science or mathematics, so that the sensual and emotional nature (which may be Very strong) not to gain great dominance. Finance programs may be important in your life, either directly or indirectly. You must try to follow the so-called rigorous virtues, as well as simplicity and austerity. This aspect develops spirituality, fertility and occult powers. You have a kind soul, you are an idealist and sympathize with your fellow human beings. You become dear to friends, you enjoy philosophical discussions and have artistic talents. Have good sleep with frequent dreams and react well to anesthetics.

Mars Square Jupiter - Body, Problem, Luck.

The negative aspect between Mars and Jupiter during this period warns you to show great attention to all issues related to finances. There is also a chance of losing or exaggerating and costs are likely to exceed revenue. It is advisable to avoid becoming a guarantor or borrowing money - to avoid litigation and anything that is likely to get bogged down. During this time your health will suffer, perhaps because of some blood contamination, because the blood will have a sensitivity to the temperature "therefore, it is necessary to moderate all things to avoid the illness, especially to avoid impulses.

Moon Sagittarius 01°00'53" - Mood, Horizons.

The Moon is now progressing through the sign of Sagittarius, the House of Jupiter. Your actions will grow and you will be very active. You will turn to the higher thought and will understand you a more philosophical mood than usual. Also during this period you can make big trips and in general you will want to travel. It's a good place, so bad faces will not affect you as much as it would happen to any other sign. You should avoid revolution and try to understand the meaning of laws and harmony. This is the sign that favors prophecy, philosophy, science, and religion.

Moon Trine Jupiter - Mood, Gain, Luck.

The Moon and Jupiter on Trine will be very successful at this time, since almost all your efforts will be accompanied by abundance and success. Your mind will be free and generous, sincere and happy and your body will be healthy. This is an optimistic and promising period, during which you will create some noble and favorable relationships and friendships. You can now begin any serious pursuit of future profits and happiness and in general everything will go well. Your mind will be more focused on superior thinking and your mental and moral character will be improved. You can now promote all the important issues to the ultimate success. "Make the haystays as the sun shines."

Neptune Trine Moon - Mood, Gain, Inspiration.

The Moon is now on the Prospect with the planet Neptune and it is mostly favorable, although the way it works will be largely determined by the general influences that are in operation. Your personal situation is likely to be harmonious and you will do well with those with whom you will come into contact. You may have a cruise or a sea voyage that will give you a dozen weeks of enjoyable experience, because generally the sea has a relationship, direct or indirect, with all the issues under Neptune's influence, because this planet is related to The deeper feelings of human nature, symbolized by the sea. But do not expect many durable goods from this aspect, which is just temporary.

Neptune Sextile Mercury - Clarity, Benefit, Inspiration.

Mars Libra 29°48'43" R - Body, Sociability.

This influence may vary quite, depending on whether you are in good or bad directions. The good result is that you are strongly attracted by others for cooperation, friendship, relationship of some kind or for marriage. You are very dedicated to individuals and you will be enthusiastic friends or lovers because you are warm and somewhat passionate about your sympathies and this can result in an early and hasty marriage. The companion of the marriage or business will be of the parent type, positive, active and rather sovereign. There may be winnings from marriage, cooperative or inheritance. There is a possibility of good work or profit from the relationship with others. When you are in bad directions, there is a risk of disagreement with others, friction, character disagreement, enemies appear and you create competition or jealousy, you can break bonds and marry your partner or marry. In a nutshell, you are impatient and without a specific action plan, you become compassionate to your environment, from which you have many demands. You have to learn to start your actions with courage and not to expect impetus from others. There is a possibility that the kidneys or the groin may be affected, or you may suffer from the acts or omissions of others.

Mars Square Jupiter - Body, Problem, Luck.

The negative aspect between Mars and Jupiter during this period warns you to show great attention to all issues related to finances. There is also a chance of losing or exaggerating and costs are likely to exceed revenue. Moon Sagittarius 28°41'48" Third House - Mood, Movements.

The Moon moving from the moment of your birth has reached the Third House of your horoscope, the House of Mind. Your cognitive abilities will grow and become more active than usual. You will make a special trip or you will generally travel during this period. Also, because the Third House also relates to relatives and brothers, you may be dealing with their affairs a little bit. Traveling, but especially travel, will take you most of the time. This is a good time to study and activate your mind, either by reading or dealing with those mental quests that generally improve the mind.

Sun Sextile Venus - Energy, Benefit, Joy.

During this period a Wondrous look between Sun and Venus is in operation, a very favorable indeed and often one of the best aspects. It gives satisfaction and success, new friends and relationships and tends to join in associations or to create new and permanent bonds. All things go well under such a face, and new aspirations

prove to be satisfactory and in every respect beneficial. As the Sun gives life and new energy to everything that affects its rays, it forces Venus's beneficial influence to be transformed in the most favorable way, and so all the latent benefits and opportunities will now find a way to bring about a good, If your other "directions" are favorable, it will be a wonderful period of your life.

Jupiter Opposition Sun - Energy, Opposition, Luck.

With Sun and Jupiter in Opposition because of progress, you have to pay attention to your health and especially to the condition of the blood. This aspect creates a tendency to waste and exaggeration and will bring into your life barriers about religious matters or with affairs of the heart. It is a good idea to make sure that your expenses do not exceed your income, otherwise you may be involved in legal problems or difficulties in which economics will play a leading role. The Moon is now going through progress from Capricorn, you will become more ambitious and you will be more agitated for recognition, you will make some efforts to promote yourself, both socially and financially, and therefore your mind will be prone to change, because you will want to improve Your general environment as well as yourself. You will be more thoughtful and wise and at the same time more practical, you will also see the serious aspect of life and you will come into contact with older people and you will think a lot about your actions. But much will depend on the moon's motifs, for that is the sign of its fall, which has less power, unless it is influenced by the faces of other planets, which can only be seen by a study of "directions" Which are currently operating.

[Sun Sextile Venus](#) - [Energy, Benefit, Joy.](#)

During this period a Wondrous look between Sun and Venus is in operation, a very favorable indeed and often one of the best aspects. It gives satisfaction and success, new friends and relationships and tends to join in associations or to create new and permanent bonds. All things go well under such a face, and new aspirations prove to be satisfactory and in every respect beneficial. As the Sun gives life and new energy to everything that affects its rays, it forces Venus's beneficial influence to be transformed in the most favorable way, and so all the latent benefits and opportunities will now find a way to bring about a good, If your other "directions" are favorable, it will be a wonderful period of your life.

[Jupiter Opposition Sun](#) - [Energy, Opposition, Luck.](#)

With Sun and Jupiter in Opposition because of progress, you have to pay attention to your health and especially to the condition of the blood. This aspect creates a tendency to waste and exaggeration and will bring into your life barriers about religious matters or with affairs of the heart. It is a good idea to make sure that your expenses do not exceed your income, otherwise you may be involved in legal

problems or difficulties in which economics will play a leading role. With regard to health, it is likely that your liver will suffer. "Transparency in all things" should be your motto as long as you are under that influence, which can be beneficial if you cultivate distinction and self-control.

Jupiter Trine Moon - Mood, Gain, Luck.

The Moon and Jupiter on Trine will be very successful at this time, since almost all your efforts will be accompanied by abundance and success. Your mind will be free and generous, sincere and happy and your body will be healthy. This is an optimistic and promising period, during which you will create some noble and favorable relationships and friendships. You can now begin any serious pursuit of future profits and happiness and in general everything will go well. Your mind will be more focused on superior thinking and your mental and moral character will be improved. You can now promote all the important issues to the ultimate success. "Make the haystays as the sun shines."

Jupiter Opposition Mercury - Clarity, Opposition, Luck.

The Planets of Mercury and Jupiter have now moved on to a Contrast aspect and this may make you mistaken or cause you losses that come from the state of mind or from correspondence or legal affairs. You should act very cautiously during this time, avoid trials, and also be as careful as possible in what you write or sign. Think and judge very carefully before you act, because you can make a serious mistake in your judgment, which will cause you financial loss. Your mind will be rather obscured as long as you are under that influence. You must pay close attention to signing any important document. You should not borrow or lend as much as you are but look closely at your financial affairs.

Jupiter Trine Saturn - Luck, Gain, Time.

The cumbersome planets of Jupiter and Saturn are now on a blessing with each other. This is a very lucky place for success and good luck. You are now able to take any responsibility and start new businesses that will be of benefit to you. All things are going well when Jupiter and Saturn are in a harmonious vibration. It is a sign of honor and favor in your relationships with individuals older, or who possess power and authority. You can get help from such people and win their favor.

Jupiter Sextile Uranus - Luck, Benefit, Change.

Few people can hope to fully respond to this aspect. It simply means that "Manas" or "Superior Mind" is capable of transferring to the personality superior things and an advanced state of being. It awakens all the insights and gives a superior type of intelligence, which is sometimes summed up by the phrase, "whatever is there, it is the best" and this expression is very likely to use in all the affairs of everyday life the person who is fully Under this influence. From a material point of view it offers benefits through glimpses of intelligence or ingenuity and originality.

Jupiter Trine Neptune - Luck, Gain, Inspiration.

The joyful face of Jupiter with the planet Neptune is a lucky place, both for your material prosperity and for your spiritual advance if you can take advantage of it in this direction. Beneficial influences will flow to you and you can use them as you wish: spiritually or cosmically. However, because of this influence, there is a tendency to exaggeration, and you must try to correct it by disciplining yourself with other lines of thought, such as science or mathematics, so that the sensual and emotional nature (which may be Very strong) not to gain great dominance. Finance programs may be important in your life, either directly or indirectly. You must try to follow the so-called rigorous virtues, as well as simplicity and austerity. This aspect develops spirituality, fertility and occult powers. You have a kind soul, you are an idealist and sympathize with your fellow human beings. You become dear to friends, you enjoy philosophical discussions and have artistic talents. Have good sleep with frequent dreams and react well to anesthetics.

Mars Square Jupiter - Body, Problem, Luck.

The negative aspect between Mars and Jupiter during this period warns you to show great attention to all issues related to finances. There is also a chance of losing or exaggerating and costs are likely to exceed revenue. It is advisable to avoid becoming a guarantor or borrowing money - to avoid litigation and anything that is likely to get bogged down. During this time your health will suffer, perhaps because of some blood contamination, because the blood will have a sensitivity to the

temperature "therefore, it is necessary to moderate all things to avoid the illness, especially to avoid impulses.

Neptune Trine Moon - Mood, Gain, Inspiration.

The Moon is now on the Prospect with the planet Neptune and it is mostly favorable, although the way it works will be largely determined by the general influences that are in operation. Your personal situation is likely to be harmonious and you will do well with those with whom you will come into contact. You may have a cruise or a sea voyage that will give you a dozen weeks of enjoyable experience, because generally the sea has a relationship, direct or indirect, with all the issues under Neptune's influence, because this planet is related to The deeper feelings of human nature, symbolized by the sea. But do not expect many durable goods from this aspect, which is just temporary.

Neptune Sextile Mercury - Clarity, Benefit, Inspiration.

The planets of Mercury and Neptune are now on the Prosperous side, a favorable influence for those who can respond because it directs the mind to the sophisticated aesthetic aspect of art and, in the case of those who by their nature are mentally oriented towards the mystical face of life . Certainly you may be interested in the study of symbolism, such as mystery works, mythological dramas, traditions and similar subjects. If you wish to gain the greatest benefit from this aspect, you must ensure that the aesthetic beauty of art or poetry does not blind you to its spiritual meaning. The nervous system is favored by this aspect and a short trip or excursion that is going to be done this time, is likely to stay for a long time in your memory.

Neptune Sextile Uranus - Change, Benefit, Inspiration.

The Bright face between the distant planets of our system, Neptune and Uranus, is an influence that will have little real effect on your outer life, as its effects are directed more towards inner nature or character. It implies that the subjective and objective elements of your character are in a harmonious balance, and therefore, external life is not likely to be disturbed by sudden energy outflows coming from within. Although it can be considered as a very favorable position, you should not over-estimate it in terms of the usual notion of "favorable" because its influence is far removed from physical life so that it has some direct effect on it And therefore the faces of the other planets on your birth horoscope will be comparatively much more powerful.

Moon Capricorn 24°45'12" Fourth House - Mood, Home.

The Lunar Sphere of Influence, through progress from the moment of birth, now occupies the Fourth House of your Horoscope, the House associated with family and home affairs, and the end of things. You can expect changes, removals or alterations, varied situations, etc., which, to some extent, will disrupt your plans. Family and house affairs will be on the rise and you may have people in your own home with yours, which will to some extent affect you. In many respects, this is a rather insignificant House for Moving the Moon in progress, except that in general it has more to do with parents or the elderly, especially family affairs.

Moon Conjunction Sun - Energy, Meeting, Mood.

The Sun and Moon Session is always an important Conjunction, because the Sun is "the greatest light that governs the day" and the Moon is the smallest, ruling the night. In all respects, the photodot in a Conjunction is something important but from an internal point of view, it weakens the lower aspect of nature and brings more power to life. For those who do not have a strong and healthy body, it damages health, giving too much vitality to the body - and when it is going to affect the body badly, it first begins to suffer the eyes, a sure sign that important changes are working in the body, Warning to be observed by the prudent. It often marks an important time in life where changes are going to happen, whether in the environment or in general conditions.

Moon Sextile Saturn - Mood, Benefit, Time.

The moon and the planet Saturn are on the Prosperous side during this period, indicating general success in business or ventures, and promises an era of stability and prosperity. Your mind will be more concentrated, prudent, and industrious. You will do it well in all crony occupations such as mines, buildings, etc., or businesses related to them. Mind you will be serious, strict, calm and persistent, thinking carefully before you act. It brings success to efforts where too much effort or careful planning is required and you can now sow thoughts that will produce lasting results. It is a wonderful opportunity to study science or any subject that requires very clear or deep thought.

Moon Trine Uranus - Mood, Gain, Change.

The Moon is now on a Uranus side, a place that promises some sudden or unexpected benefits, and perhaps a strange or unusual journey. Removals or changes are possible, which will be beneficial and the businesses you are dealing with will end in a good end. Your mind will be more impatient than usual, with the tendency to unusual studies "see the deeper aspect of life" your behavior will be incompatible because you will see things from a new perspective, so this influence favors the

study Of Astrology. Your magnetic power will grow and you will have influence over others, which will give you success in companies and public organizations.

Moon Sextile Neptune - Mood, Benefit, Inspiration.

The Moon is now on the Prospect with the planet Neptune and it is mostly favorable, although the way it works will be largely determined by the general influences that are in operation. Your personal situation is likely to be harmonious and you will do well with those with whom you will come into contact. You may have a cruise or a sea voyage that will give you a dozen weeks of enjoyable experience, because generally the sea has a relationship, direct or indirect, with all the issues under Neptune's influence, because this planet is related to The deeper feelings of human nature, symbolized by the sea. But do not expect many durable goods from this aspect, which is just temporary.

Venus Taurus 16°17'03" Eighth House - Joy, Others.

Venus is associated with the Eighth House of your horoscope, promises a secure profit from will or bequeath. It also promises marriage profit, partners and associates. When this planet is in good standing or good aspects of directions, you will probably be making money through others. It is a beneficial influence if you connect in any way with others in terms of monetary issues. You should seek security for all things in which there is any kind of responsibility or risk. This influence promises you a very peaceful end, protects you from end-of-life accidents or a sudden end because it is a beneficial influence. SEX: Venus and 8th house. It shows a unique relationship between love and sex. A person with such a map can only make love with people he loves. It also shows that the person tends to fall in love with even his transient lovers or mistresses. Venus in this position, almost always, shows an emotional person who is not at all constrained on sexual issues. However, if Venus is not in an advantageous position from Saturn, the person we are examining rarely finds a companion who deserves the dedication and love of this Venus. Also this combination with Saturn shows very limited sex life. Marriage can make its appearance much later in the life of the person. If Venus is not in an advantageous position from Uranus, the life of the person will be filled with strange, unusual ties. If Venus is not in a good position from Neptune, the person we are examining has no realistic data about sex and is often disappointed if his match does not lead to ecstasy. The views of Venus with Pluto, when Venus is related to the eighth house, say insatiable sex life. If, however, this aspect is inconsistent, then there is a tendency to use sex in order to dominate and "control" lovers or mistresses.

Jupiter Opposition Sun - Energy, Opposition, Luck.

With Sun and Jupiter in Opposition because of progress, you have to pay attention to your health and especially to the condition of the blood. This aspect creates a tendency to waste and exaggeration and will bring into your life barriers about religious matters or with affairs of the heart. It is a good idea to make sure that your expenses do not exceed your income, otherwise you may be involved in legal problems or difficulties in which economics will play a leading role. With regard to health, it is likely that your liver will suffer. "Transparency in all things" should be your motto as long as you are under that influence, which can be beneficial if you cultivate distinction and self-control.

Jupiter Trine Moon - Mood, Gain, Luck.

The Moon and Jupiter on Trine will be very successful at this time, since almost all your efforts will be accompanied by abundance and success. Your mind will be free and generous, sincere and happy and your body will be healthy. This is an optimistic and promising period, during which you will create some noble and favorable relationships and friendships. You can now begin any serious pursuit of future profits and happiness and in general everything will go well. Your mind will be more focused on superior thinking and your mental and moral character will be improved. You can now promote all the important issues to the ultimate success. "Make the haystays as the sun shines."

Jupiter Opposition Mercury - Clarity, Opposition, Luck.

The Planets of Mercury and Jupiter have now moved on to a Contrast aspect and this may make you mistaken or cause you losses that come from the state of mind or from correspondence or legal affairs. You should act very cautiously during this time, avoid trials, and also be as careful as possible in what you write or sign. Think and judge very carefully before you act, because you can make a serious mistake in your judgment, which will cause you financial loss. Your mind will be rather obscured as long as you are under that influence. You must pay close attention to signing any important document. You should not borrow or lend as much as you are but look closely at your financial affairs.

Jupiter Trine Saturn - Luck, Gain, Time.

The cumbersome planets of Jupiter and Saturn are now on a blessing with each other. This is a very lucky place for success and good luck. You are now able to take any responsibility and start new businesses that will be of benefit to you. All things are going well when Jupiter and Saturn are in a harmonious vibration. Moon Aquarius 07°17'48" - Mood, Progress.

The Moon now proceeds to the sign of Aquarius. You will get in touch with groups of people, associations, companies, with many friends or acquaintances. Your hopes and desires will grow, become more sophisticated and artistic, you will get humanistic ideas, you will tend to greatly improve your overall environment and conditions, you will also be able to concentrate and think deeper. This is a good place for the moon, it gives you the ability to study human nature, as the personality at this time wishes more to acquire a knowledge of humanity. You will have opportunities to refine your inferior nature and gain more control over your mind.

Mercury Pisces 15°54'33" Sixth House - Clarity, Duty.

Most of these diseases will come from nervous or mental problems. You should be careful not to worry in any way, if you even appreciate your health, because a nervous breakdown is threatened whenever the mind lets you resist anxiety and nervousness. All of your illnesses will come from the state of the mind and the nervous system. You will have some mental impressions that will affect you in some ways, and the serene state of your mind will depend more on what you think. This influence is dangerous when pushing intense mental problems that affect the mind.

Jupiter Opposition Sun - Energy, Opposition, Luck.

With Sun and Jupiter in Opposition because of progress, you have to pay attention to your health and especially to the condition of the blood. This aspect creates a tendency to waste and exaggeration and will bring into your life barriers about religious matters or with affairs of the heart. It is a good idea to make sure that your expenses do not exceed your income, otherwise you may be involved in legal problems or difficulties in which economics will play a leading role. With regard to health, it is likely that your liver will suffer. Moon Pisces 01°42'13" - [Mood, Dreams.](#)

The Moon has proceeded to the Pisces sign, suggesting a very receptive period, experiences of binary nature, not entirely favorable. There may be grief and disappointment and you will not see things from the bright side. You will tend to explore spiritism or study the occult, but you must avoid being swept away by greater daydreaming because this is not a practical sign. You will be very interested in psyche or you will have some experience with mental institutions, asylums and large organizations. You have to be careful not to offend others. This sign awakens the inner and softer side of the character and usually makes the mind very receptive and with a tendency to mediumism or very sensitive to the other minds.

Sun Aries 15°24'51" Seventh House - [Energy, Familiar.](#)

The progress of the Sun in this position indicates a lucky and ambitious companion and someone whose influence will be beneficial in your life. Somehow, you will win through marriage, financially as well as socially. Your partner will be very independent, but with moral integrity, a person who is abhorring to do anything petty or not absolutely straight. It is not the best sign of harmony, but there are all opportunities for sympathy to grow, as well as for happiness coming from success. This aspect sometimes delays marriage, or makes it very difficult because of pride or social status. Marriage: People with the Sun in the seventh house usually do not work well without a co-operation. Almost always, their professional agreements are simultaneous, and partnership. In friendships they make the other believe he can become a real friend, their own person, part of their lives. These people do not feel happy on their own, and although they can divorce in a marriage, they do not want to stay for a long time without a divorce. Most people who have the sun in the seventh house are married or separated if they are left alone for a very long time. They are the guys who are usually looking for the best companion even when they are committed. If you get involved with such a formula, you have to learn to reconcile with its versatility.

Venus Trine Pluto - Joy, Gain, Wealth.

Good time to deal with businesses. You also emit a sensuality that does not go unnoticed and if you are alone you are most likely to find a mate at this time.

Jupiter Opposition Sun - Energy, Opposition, Luck.

With Sun and Jupiter in Opposition because of progress, you have to pay attention to your health and especially to the condition of the blood. This aspect creates a tendency to waste and exaggeration and will bring into your life barriers about religious matters or with affairs of the heart. It is a good idea to make sure that your expenses do not exceed your income, otherwise you may be involved in legal problems or difficulties in which economics will play a leading role. With regard to health, it is likely that your liver will suffer. "Transparency in all things" should be your motto as long as you are under that influence, which can be beneficial if you cultivate distinction and self-control.

Jupiter Trine Saturn - Luck, Gain, Time.

The cumbersome planets of Jupiter and Saturn are now on a blessing with each other. This is a very lucky place for success and good luck. You are now able to take any responsibility and start new businesses that will be of benefit to you. All things are going well when Jupiter and Saturn are in a harmonious vibration. It is a sign of honor and favor in your relationships with individuals older, or who possess power and authority. You can get help from such people and win their favor.

Jupiter Sextile Uranus - Luck, Benefit, Change.

Few people can hope to fully respond to this aspect. It simply means that "Manas" or "Superior Mind" is capable of transferring to the personality superior things and an advanced state of being. It awakens all the insights and gives a superior type of intelligence, which is sometimes summed up by the phrase, "whatever is there, it is the best" and this expression is very likely to use in all the affairs of everyday life the person who is fully Under this influence. From a material point of view it offers benefits through glimpses of intelligence or ingenuity and originality.

Jupiter Trine Neptune - Luck, Gain, Inspiration.

The joyful face of Jupiter with the planet Neptune is a lucky place, both for your material prosperity and for your spiritual advance if you can take advantage of it in this direction. Beneficial influences will flow to you and you can use them as you

wish: spiritually or cosmically. However, because of this influence, there is a tendency to exaggeration, and you must try to correct it by disciplining yourself with other lines of thought, such as science or mathematics, so that the sensual and emotional nature (which may be Very strong) not to gain great dominance. Finance programs may be important in your life, either directly or indirectly. You must try to follow the so-called rigorous virtues, as well as simplicity and austerity. This aspect develops spirituality, fertility and occult powers. You have a kind soul, you are an idealist and sympathize with your fellow human beings. You become dear to friends, you enjoy philosophical discussions and have artistic talents. Have good sleep with frequent dreams and react well to anesthetics.

Uranus Conjunction Pluto - Change, Meeting, Wealth.

This position gives strange originality to love and strange contemporary scientific thought around the subject: what does matter mean.

Neptune Trine Moon - Mood, Gain, Inspiration.

The Moon is now on the Prospect with the planet Neptune and it is mostly favorable, although the way it works will be largely determined by the general influences that are in operation. Your personal situation is likely to be harmonious and you will do well with those with whom you will come into contact. You may have a cruise or a sea voyage that will give you a dozen weeks of enjoyable experience, because generally the sea has a relationship, direct or indirect, with all the issues under Neptune's influence, because this planet is related to The deeper feelings of human nature, symbolized by the sea. But do not expect many durable goods from this aspect, which is just temporary.

Neptune Sextile Mercury - Clarity, Benefit, Inspiration.

The planets of Mercury and Neptune are now on the Prosperous side, a favorable influence for those who can respond because it directs the mind to the sophisticated

aesthetic aspect of art and, in the case of those who by their nature are mentally oriented towards the mystical face of life . Certainly you may be interested in the study of symbolism, such as mystery works, mythological dramas, traditions and similar subjects. If you wish to gain the greatest benefit from this aspect, you must ensure that the aesthetic beauty of art or poetry does not blind you to its spiritual meaning. The nervous system is favored by this aspect and a short trip or excursion that is going to be done this time, is likely to stay for a long time in your memory.

Neptune Sextile Uranus - Change, Benefit, Inspiration.

The Bright face between the distant planets of our system, Neptune and Uranus, is an influence that will have little real effect on your outer life, as its effects are directed more towards inner nature or character. It implies that the subjective and objective elements of your character are in a harmonious balance, and therefore, external life is not likely to be disturbed by sudden energy outflows coming from within. Although it can be considered as a very favorable position, you should not over-estimate it in terms of the usual notion of "favorable" because its influence is far removed from physical life so that it has some direct effect on it And therefore the faces of the other planets on your birth horoscope will be comparatively much more powerful.

Venus Trine Pluto - Joy, Gain, Wealth.

Good time to deal with businesses. You also emit a sensuality that does not go unnoticed and if you are alone you are most likely to find a mate at this time.

Jupiter Opposition Sun - Energy, Opposition, Luck.

With Sun and Jupiter in Opposition because of progress, you have to pay attention to your health and especially to the condition of the blood. This aspect creates a tendency to waste and exaggeration and will bring into your life barriers about religious matters or with affairs of the heart. Moon Pisces 25°32'08" Sixth House - Mood, Duty.

The moon's position is now in your horoscope's Sixth House, so all issues related to the Sixth House will come to the fore. It is good to watch your health, because health is often threatened every time the Moon passes through this House, demanding the use of attention. This House also relates to the phenomenal magic and the issues of the mental world. It is also the House that concerns your inferiors, servants and those in a lower social class, but its main influence is on health. You must take care to live carefully and not let yourself be disappointed. This period turns to ambiguity and bad luck.

Moon Sextile Sun - Energy, Benefit, Mood.

The Moon and the Sun are now in good aspect and giving you appreciation, success and credibility. You can win the favor of those who hold a senior position and those who hold power will be able to offer you their help if need be. Your mind will be somewhat ambitious and look forward to prosperity and progress. You will be more confident and will win through co-operation with others. You will also have a tendency to make lasting and beneficial relationships. It is a good time for major changes, and under this aspect your morality will grow and work and your mental abilities will grow. It is an opportunity that you have to take advantage of materials as much as possible. The Sun has proceeded to a Wonderful Sextile with the Moon and is now under beneficial effects. This look will greatly improve your horoscope during its time of action. You will meet people who will be friendly to you and who will also be willing to help you in every direction. Solar influence is good for spiritual and material well-being, but much will depend on your own ability to respond to everything it implies because it often brings an awakening of consciousness to a superior state of being and gives to those who are ready opportunities to move forward in all directions, social, economic, mental, etc. Beneath its favorable influence favoring family happiness, speculation and investment. So, while it is in operation, try to find the best way out for your efforts.

Moon Conjunction Saturn - Mood, Meeting, Time.

The Moon has proceeded to a Conjunction with the planet Saturn, a face that is rarely favorable or generates cosmic welfare. You consider interference and limiting influence and as such restrict and restrain, giving the impression that it prevents progress. It is, however, an indirect blessing, because it causes stability, reflection and a certain degree of resilience. In fact, it is an influence that brings a period of responsibility to those who are progressive and how long it acts, you will not avoid any old or new responsibility. In some, it reduces vitality and makes them prone to colds or colds, so that health falls under the ordinary and is difficult to take if the vital forces are left to run out - for that, be careful as long as it lasts.

Mercury Opposition Pluto - Clarity, Opposition, Wealth.

During this period an Opposition formed between Mercury and Pluto. This makes you selfish and absolute, and in this way you may show cruelty to others. The natural consequence of such behavior is that others do not show understanding to you. You are likely to have problems with your job. Do not share plans and thoughts with others who are likely to be appropriated. It is advisable not to start anything new during the period of action of this aspect and to trust people only of your absolute trust.

Jupiter Opposition Sun - Energy, Opposition, Luck.

With Sun and Jupiter in Opposition because of progress, you have to pay attention to your health and especially to the condition of the blood. This aspect creates a tendency to waste and exaggeration and will bring into your life barriers about religious matters or with affairs of the heart. It is a good idea to make sure that your expenses do not exceed your income, otherwise you may be involved in legal problems or difficulties in which economics will play a leading role. With regard to health, it is likely that your liver will suffer. "Transparency in all things" should be your motto as long as you are under that influence, which can be beneficial if you cultivate distinction and self-control.

Jupiter Trine Saturn - Luck, Gain, Time.

The cumbersome planets of Jupiter and Saturn are now on a blessing with each other. This is a very lucky place for success and good luck. You are now able to take any responsibility and start new businesses that will be of benefit to you. All things are going well when Jupiter and Saturn are in a harmonious vibration. It is a sign of honor and favor in your relationships with individuals older, or who possess power and authority. You can get help from such people and win their favor.

Jupiter Sextile Uranus - Luck, Benefit, Change.

Few people can hope to fully respond to this aspect. It simply means that "Manas" or "Superior Mind" is capable of transferring to the personality superior things and an advanced state of being. It awakens all the insights and gives a superior type of intelligence, which is sometimes summed up by the phrase, "whatever is there, it is the best" and this expression is very likely to use in all the affairs of everyday life the person who is fully Under this influence. From a material point of view it offers benefits through glimpses of intelligence or ingenuity and originality.
